YOUR BUSINESS IS UNIQUE. CUSTOMIZE YOUR SERVICES.

Our payroll service is designed to accommodate all businesses, not by taking a one-size-fits-all approach, but by being highly customizable so we can tailor our service to match the requirements of your business. Our online technology, Employer on the GO, is the perfect tool for your payroll, it is everything you need in one convenient comprehensive system.

- **Payroll** – 941 Payroll and Timekeeping offers comprehensive services for small, medium and large businesses, with superior customer service and technology.
- **Payroll Tax** – 941 Payroll and Timekeeping can effectively manage your entire payroll tax process.
- **Online Payroll** – All the tools any employer needs in one easy versatile solution providing you the ability access your data, run reports, update information and run payroll in real-time from anywhere anytime in North America.
- **General Ledger Service** – Create a custom file to easily post payroll information to your accounting software.
- **Employee Self Service** – Provide your employees access to a full suite of online tools including employee information, pay stubs, W2s, forms, documents, benefit statements, and time off requests.
- **Manager Self Service** – Provide managers with online access to monitor and manage their direct team.
- **Mobile Apps** – Connect with employees directly through their mobile device.
- **Restaurant Payroll** – Reduce the complex challenges governing wages and tips.
- **Affordable Care Act Solutions** – Full Analysis & Compliance Solution to minimize your administrative burden, mitigate the risk of IRS penalties and accurately file the required tax forms.
- **Workers' Compensation Insurance** – Access many carriers for payroll by payroll premium calculation and payment services.
- **Payroll Debit Cards** – Provide employees with a cost-saving solution that replaces payroll checks, avoid lost checks and eliminate bank reconciliation.
- **Electronic Time and Attendance** – Our time and attendance, including GPS time tracking, is integrated with payroll, so there is no more manually tracking and keying employee hours.
- **Employee Scheduling** – Manage and access reports on employee schedules instantly, accurately and from anywhere.
